

# TEAM XOGO

## WE NEED YOUR HELP!

Our goal is to create technology that allows people of all abilities to interact with the world on their own terms. We will be launching Xogo later this year, and we need a team of people that want to see Xogo succeed - and that includes you!

As a member of Team Xogo, we'll ask you to share Xogo with your friends and family, give us feedback on Xogo and what you would like to see included, and generally be great ambassadors for us.

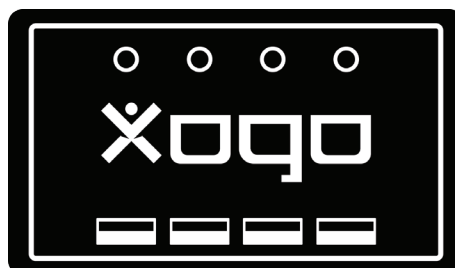

We love the PwD community and we want to create great products that allow access for all - will you be a part of Team Xogo and help us?

# SHARE XOGO

## THE STEPS FOR HELPING

1. Sign up on the Xogo website at [myxogo.com/teamxogo](http://myxogo.com/teamxogo)
2. Like our page on Facebook (and follow us on Twitter)
3. Download your team kit at [myxogo.com/teamkit](http://myxogo.com/teamkit)
4. Share Xogo with your friends!

## SHARING XOGO (AKA - A CHANCE TO GET A FREE XOGO)

Get the word out for us! When you register for the Team Xogo program you'll be entered into a drawing for a free Xogo. And we will also be selecting another free Xogo winner that has been most enthusiastic about Xogo. The more you post, like, share your ideas with us, and encourage your friends and family to learn about Xogo the better!

Thank you in advance for your support. It means the world to us, and we won't be able to succeed without your help. You're awesome! **#teamXogo**
